

25 February 1969

MORNING MEETING ACTION ITEM

TO: General Counsel
Legislative Counsel

The Director noted that in the past several senators on the Judiciary Committee have been critical of the caliber of persons on the Federal payroll and asked Houston to prepare a legislative history of what they have said on these matters in the past. The Director noted that Maury should now call on Senator Eastland and convey to him the difficulties we are encountering in obtaining Congressional understanding.

(Re Owen bill)
